2. Competition Levels

- Dancer Levels:
    - **Dancers** are entered into the roster based on a three-level system (Showcase, Competitive, Elite) with Elite being the highest.
    - The initial level placement of each dancer in your roster should be based on the dancers within your studio.
    - A dancer can move to a higher-level mid-season but must remain at the higher level for the remainder of the season.
    - No dancer can level down at any time once they have leveled up.
    - Level changes cannot be made onsite.
    - **Leveling System:**
        - *Showcase (Level 1) – Beginner/pre-competitive dancers:*

    - **Routines** are placed in their level divisions based on the rules set forth.
    - If your roster changes, the level of a routine will be recalculated and will compete as stipulated by our rules.
    - Any substitutions in a routine must be rostered, regardless of time of substitution.
    - The system will automatically recalculate routines based on the current rosters (age and level). Studios must verify each routine whenever changes are made to that specific routine. This applies to each event and brand.
    - The roster of a routine must account for every dancer on the stage. Any performer participating in any capacity within a routine must be registered.
    - Any routine competing in the Elite division is eligible for star dollars.
    - **Leveling System:**

        - If any studio has questions regarding the leveling of a specific

routine, please reach out to your client relations manager for assistance regarding that event.

- *Extraordinary Ability Level – Designed for performers who have different abilities and may face developmental or physical challenge:*
